

Capability Statement

Baxter Environmental Group, Inc. is dedicated to eliminating hazardous materials and contaminants in a manner that is safe, efficient, clean and respectful to our customers, community, partners and crew members. We provide prompt communication and quality service to our Clients. We work to improve the quality of the environment for our community and improve the indoor environmental quality for our Clients through effective and efficient remediation of contaminants. Our employees are well trained and strive to create an environment that inspires respect and the continued solid reputation of the Baxter Environmental Group, Inc. within the abatement, remediation, and mitigation community.

Baxter Environmental Group, Inc. offers prospective Clients the following services:

- Consultation and Project Design
- Asbestos Sampling, Surveys, and Abatement
- Mold Sampling, Assessments, and Remediation
- Lead-Paint Stabilization
- Disinfecting Services
- HVAC Duct Cleaning
- Damage Restoration and Rebuild
- Basement/Crawlspace Water-Control

Our Company's asbestos abatement Crew Members and Foremen are certified under the AHERA (Asbestos Hazard Emergency Response Act 40 CFR-763) program. Additionally, all abatement and remediation Crew Members and Foremen are fully covered by the medical surveillance program required by OSHA (Occupational Safety and Health Administration) regulation 29 CFR-1926.1101.
